

# AMP XL Utility Vehicle

The AMP XL Utility Vehicle is ideal for light work as a general transport vehicle. A small profile makes it perfect for security details in congested areas such as parking garages, maintenance sites and college campuses.

All the things you expect to find in a utility vehicle with a fully enclosed cab, LED headlights and brake lights for additional visibility and security, integrated turn indicators, horn, glass windscreen with wiper, automotive style dashboard, heating, air-conditioning, alloy wheels, wing mirrors, reversing bleeper and electric tipping rear load area.

The maintenance free lithium battery pack eliminates messy battery top ups and the on-board charger with 3-pin plug enables opportunity charging as and when you like from any 13amp socket.

- Fully Road Legal
- Alloy Wheels
- Cab Heater
- Stereo System
- Air Conditioning
- Fully Enclosed Cab
- Electric tipping platform, box van, mesh sides or canopy back
- Cargo area 1500mm x 1300mm x 300mm. Capacity 400kg
